SKILLS

❖ **React Js**, **HTML, CSS, Javascript, MongoDb, Express**, **NodeJs, Java, git & github**

EDUCATION

❖ Computer Science Engineering |J.C Bose University of Science   *CGPA*: *8.2 | (2024)*
and Technology

❖ XII (CBSE) |Army Public School   *86%| 2020*

❖ X (HBSC) |R.S Public School   *81%| 2018*

EXPERIENCE

❖ **Fresher**

ACADEMIC PROJECTS

❖ **My Notes App(Mern Stack)**– **Link**
"Create a dynamic web app using MERN stack, enabling seamless integration of MongoDB,
Express, React, and Node.js for efficient development of modern, responsive, and scalable
applications."

❖ **Crypto Currency App**- **Link**
 "Build a React-based cryptocurrency app leveraging APIs for real-time data, providing users
with a sleek interface to track, analyze, and stay updated on crypto market trends."

❖ **Blog App(Mern Stack)**
"Explore topics effortlessly with our MERN stack blog app. React for dynamic UI, Express for
seamless backend, MongoDB for flexible data storage, and Node.js for efficient server-side
operations."

❖ **Portfolio**- **Link**
"Dynamic portfolio showcasing diverse projects built with React. Seamless navigation,
responsive design, and interactive components highlight skills in front-end development.
Explore my work and expertise in modern web development."

POSITION OF RESPONSIBILITY

❖ **College fest | Satyug Darshan Institute of Engineering And Technology**   *(Aug,2021)*
Work as a volunteer and responsible for maintaining discipline in campus.

ACHIEVEMENTS / HOBBIES

● Air pollution, Psychology of Learning-(NPTEL), Cooking, Gaming, Teaching
